- The Tohmei Anti Rolling Gyro (ARG) is simply the most effective Gyro stabilization for the comfort and safety of those onboard your vessel, both at anchor and underway.
- With no exposed moving parts, and no through-hull fitting, ARG is a one-piece 'bolt on' package that is simple to install and operate, making it the most convenient on the market.
- Easy Operation – Simply turn it on when you step onboard your vessel and turn it off when you leave.
- ARG has the lowest maintenance in the industry, making it the most reliable.
- Manufactured to commercial and military standards by Mitsubishi for over 25 years, this Japanese engineering triumph offers a 5 year / 6000-hour warranty. (terms and conditions apply)
